Marcin Grajko

Junior Front-end Developer

e-mail: *marcin.grajko.1997@gmail.com*

Tel: *+48 512 824 103*

LinkedIn: *linkedin.com/in/marcin-grajko*

Portfolio: *mgraj.netlify.app*

Aspiring software developer. I am mainly interested in frontend, gamedev, but also the developing web3 industry. I want to participate in the current industrial revolution as a creator, not just an observer. Thrown into the deep end, I gain knowledge and use it to achieve my goal.

Experience:

Production Engineer, Technologist | *Supon Sp. z o. o., Białystok* | *August 2021 - June 2024*

- Developing auxiliary tools for the production department
- Preparing technological documentation of products, aids and tools
- Design and testing of prototype products for the fire protection industry.
- Searching and testing new technological solutions within the Research and Development Department

Quality Engineer | *Masterpress S.A., Białystok* | *December 2020 - May 2021*

- Cooperation with external auditors
- Preparation of audit documentation
- Implementation of recommendations and recommendations from audits
- Conducting internal training and supporting employees

Copywriter, SEO | *BOS Foundation, Białystok* | *April 2021 - November 2022*

- Company domain management in WordPress
- Placing content on the website
- Content creation and publication as well as aggregation of industry-specific content

---
